Relaunching Summer 2025

Welcome to Nancy's Treasures, a website dedicated to finding new homes for the treasures inherited from three generations of our late mother Nancy Chandler's family.

The easiest way to browse is to use this catalog, which includes links to all pages in the chapter headings. This is much faster than scrolling through the website page by page, although the website is designed to allow easy flow from the bottom of one page to the top of the next.

How to Browse:

See something you like? Click on the chapter heading and it will take you to the page that item is on. To read about the item (including measurements), please click on the text below the image to go to the product page. If you click on the image you will need to search for the More Information link.

How to Order:

Load your shopping cart and, when done browsing, take a screen shot or make a list of what is in your shopping cart and email

nima@nancystreasures.com.

You should hear back from us within 24 hours.

Online payment is not enabled.

We need to confirm each unique item is still available and what the cost of delivery will be to ensure you get the best price available.

Please note that this is an amateur website designed for family and friends.

We are not selling on other platforms.

Let us know **if you would like to be informed** of the launch of the sale any of the new collections or our 2025 sale by subscribing on our [Home Page](#) or emailing nima@nancystreasures.com.
